

Workshops & Coaching

Depending on your needs, you may design a plan that includes a small- or large-group foundational day, skill-building 1-, 3-, or 5-day institutes, small-group embedded coaching, and/or virtual support. All sessions can be personalized to align to schedules, roles, and district, school, or department goals (e.g. SPED, new standards, new curriculum) and can be adapted to support video coaching.

For District & School Administrators

Institutes/Workshops

Feedback to Feed Forward: Going Beyond Evaluation
Teachers Supporting Teachers: Building Layers of Feedback
Learner-Focused Feedback: Observing for Impact
Cultivating a Culture of Learning
Supporting the Shift to Student Ownership Through Observation and Feedback
